Standing tall, the Mariner man
represents the symbol of Fer-
guson High School.

Anyone's First Step Into Our Halls Will Be Met by What Looks Like Confusion.

Instantly loads of scurrying teenagers coming from every direction are everywhere, with an equally active faculty busily making its way through the school.

After school hours, there are still many people running around. One is carrying posters, one is with layouts and designs, still another in shorts is sweating furiously. What is going on? To the outsider, it is chaos.

An ocean is as confusing. It consists of billions of waves headed in an infinite number of directions. Only when one looks

at a group of these waves can it all make sense; a group makes one bigger wave with an obvious direction and a general purpose: to reach the shore.

What at first may seem confusing inside our school can be clarified in the same way. Each individual at Ferguson strives for academic success, but with the many course schedules in the school, each may appear to be heading in his own direction. Our unity is more apparent when looking at the larger waves that consist of many students.

An individual with layouts and designs is part of a staff that creates our magazine, newspaper, or our yearbook. The athlete belongs to a different team, but one with the same goal: excellence. Other waves flow in unison, whether providing public service, organizing guest speakers, performing plays and musicals, or participating in tournaments.

It is these activities that pull our individuality together and make us Ferguson High School . . .

CATCH THE WAVE!

By Will David

Students show strong support for their athletic teams.

Photo by Staff

Student Life

Student life of the 1987-88 school year began with a slight ripple and then became a larger and larger swell as we started to "Catch the Wave." Students coasted along the top of a wave of activities, athletics, and academics with more spirit than ever. Enthusiasm surged as new friendships, trends, and habits formed within our halls. Members of the student body participated in such activities as Homecoming and football games as a group and achieved personal goals like good grade reports as individuals. Many students combined school oriented activities with outside hobbies, jobs, and classes. As the year progressed, we became as vast and varied as an ocean. With a splash of that Mariner flash, new styles, new faces, and new classes, filled the halls to make us as great as we are!

MISS MARINER

Here she comes...

Photo by Tom Knox

Annually, the Senior Class, with the help of Mr. Pete Farmer and Miss Ethel Lewis, host the Miss Mariner Pageant. The chairman for 1987 was Laura Beach and her junior apprentice was Angela Saunders. Many long hours were put into the pageant to make it a special night for both the contestants and the spectators. The year's theme was "New York, New York," which gave the event a definite "Broadway" feeling.

Each contestant was required to dress fashionably, both in casual wear and in formal wear. The five judges, who were chosen carefully, critiqued the girls in the categories of

casual wear, evening wear, personality, and expression, and also by a personal interview.

The pageant was also judged by the girls. Each girl voted for one of her fellow contestants who she felt was the easiest to get along with. The year's "Miss Congeniality" winners were Felicia Royal and Shannon Moore.

The five finalists were 4th runner-up, Sherry Mings; 3rd runner-up, Jodi Ivy; 2nd runner-up, Tammy Clemmons; and 1st runner-up, Amy Weaver. The 1986-1987 "Miss Mariner" was Leora Brinkley.

Good Times Together

Every year seniors are busy with spring activities, one of which is the Senior Banquet. On May 7, the class of '87 held its senior banquet at the Fort Monroe Officers' Club. It began at 7:00 p.m. and ended at 9:30 p.m. A warm welcome was given by Mark Morewitz, the senior class president. A dinner buffet was served followed by student entertainment. Shannon Moore and Bev McCargo sang "Always," touching many as all began to realize that high school was finally ending. After the meal was over, the guests were introduced by Karren Langen, the senior class vice-president.

The most exciting presentation of the banquet was the Senior Superlatives. Everyone clapped and cheered with great enthusiasm as Dr. Kilpatrick announced the seniors who were chosen by their classmates as outstanding individuals.

The banquet ended with a film which showed seniors across America graduating, filled with both joy and sorrow at this special time of the year. The Senior Banquet, with the presentations and the recalling of many previous events, really commemorated the many memories shared by members of the senior class along the 4 year road to graduation.

Achieving Excellence

Ferguson's annual Awards Assembly for 1987 highlighted the past year by recognizing many students for their academic and athletic achievements. Departmental awards were given out by various departmental heads, and others were recognized for attaining scholarships or winning appointments to different prestigious institutions. These included the Governor's school, The Margaret Ann Abbitt National Honor Society Scholarship, and the Virginia Tech

Scholarship Award. Many parents and special guests attended the event. The crowd was entertained by the Ferguson Jazz ensemble, with a musical selection "Disney Spectacular," and by the Ferguson Show choir. Students excelling in athletics were awarded "grant-in-aids," including senior quarterback Lance Redding from Appalachian State University, and offensive lineman Antonio Terry from Virginia State University.

ONE MORE NIGHT

"One More Night" was all that was asked for by the class of 1987. It all began as early as March and April, as seniors were thinking about Prom. While the girls were forever searching through dresses, each guy was being measured and fit for the perfect matching tux.

At last the time came . . . Prom Night. This is known everywhere as a time for fine dining and dancing, but most important during prom season is picture taking. Grandparents, parents, and friends want to capture the memory of that special person all dazzled up for the most exciting night of his high school years.

Dinner reservations are made only at the

most elegant restaurants. Such places as The Ship's Cabin, Williamsburg Inn, and The Chamberlain were ranked the most popular dining spots. After dinner, the heart of the evening rolled in: the dance. Couples arrived at the Ft. Monroe Officer's Club around 8:30, and the excitement was obvious on beaming faces as they entered the club. A light hors'd'oeuvre table was prepared for the seniors. Some danced while others sat at the tables with lots of friends.

At 11:00 p.m., the Prom Court was announced. It consisted of the princes Billy Cuffe, Donnell Davis, Corey Herben, Robert Jones,

Frank Johnson, Jay Krisik, Todd Lanning, Shawn McCarthy, George Miller, Theodore Outlaw, Quinton Rainey, and Donarell Richardson. The princesses were Stacy Hunt, Kim Biggers, Tammy Clemmons, Hellena Freeman, Paige Gilliland, Cathy Harmon, Patrice Jones, Karren Langen, Beth Nicolles, Melissa Salisbury, Tina Smith, and Jamelle Wilson. Finally, Shawn McCarthy and Cathy Harmon were crowned King and Queen. They lead the next dance to "One More Night." As the seniors danced through the night, they all knew that it would be one to remember.

OFF BROADWAY

Once upon a time in a far off kingdom lived a manipulative, wicked queen and her quiet husband. The kingdom was filled with many ladies wishing to marry the wimpy Prince Dauntless. All were turned away as the domineering Queen, portrayed by Robin Connor, did everything in her power to discourage finding a wife for her son. Eventually, the Queen met her match when confronted by the vivacious Princess Winifred. Once Upon A Mattress was a tremendous success for the Drama Department. Hours of preparation went into the direction and construction that helped to

make the musical successful. A cast of sixty was carefully selected by Miss Quinn. Robin Connor was excellent on stage as the hateful Queen Agrava. John Osborn provided a perfect touch of humor with his performance of King Sextimus. Kathy Fitchett and Mike David were impressive together as the "love struck" couple. David Watkins shined as the timid Prince Dauntless. Marni Hankins was excellent in her portrayal of the independent Princess Winifred. Many more helped to contribute to the success of the musical. Miss Quinn and the drama department were pleased with the outcome of Once Upon A Mattress.

Summer Fun CATCH IT...

tudents go "all out" to enjoy their summers, and many believe this past one was one of the best. Many students spent their time at local beaches, including Virginia Beach, Buckroe, Croatan, Nags Head, and Hatteras.

Some of the attractions at the beach were surfing, windsurfing, sailing, "catching the rays," and having beach parties and cookouts. Graduating seniors had a week of fun with their friends after graduation at

"Beachweek," in Nags Head, N.C.

Temperatures climbed to almost unbearable heights, but that did not keep any from participating in their favorite activities. Legion Post 255 baseball was a main attraction for several hot summer nights. Many students also spent their summer working as lifeguards, driving instructors, cashiers, and bagboys.

ropico was the theme of Homecoming week. Students participated in several activities during this exciting time, whether preparing for the assembly or decorating the floats. The cheerleaders lead the school in cheers and chants to arouse the spirit of each student. The Ferguson Singers entertained the student body with songs directed by Mrs. Johnson. While the Homecoming Court was announced, the band played a special song to capture the moment. All week, students anxiously waited to find out who would be the next Homecoming Queen.

The cheerleaders and the football players gather together to show their hidden talent by singing "Always."

It's Not Over

June of every year marks an end. An end of childhood, yet the beginning of real lives. This is graduation time. For some, college is the next step. Others will get married or get jobs. But, everyone realizes that high-school is over.

Commencement exercises took place at the Hampton Coliseum on June 14 at 8:00 P.M. The guest speaker was Mr. Phillip Hamilton, Vice Principal of Dunbar Middle School. As the graduates marched to re-

ceive their diplomas, happy faces were seen, yet tears were welling in the eyes of many on stage and in the audience. This was the last time the Class of '87 was formally assembled together forever. Thoughts ranged from "Will I ever see these people again?" to "It's finally over!" and "I made it!" Emotions ran rampant throughout the Coliseum. When the ceremony ended, the graduates left to go home, to a party, to Beach Week, and to begin their lives.

In Comes the InCome

In order to finance what he believes to be the "expensive" life, today's teenager finds it necessary to work. So, he may look for employment in an infinite number of places, most commonly in the mall, at fast food restaurants, at grocery stores, or at ice cream parlors. Most of his money is saved for the "perfect" car, college, or is spent on clothes and the weekend. Wages range from \$2.10 an hour for waiting tables

to \$4.50 an hour, with many students making "time and a half" on Sundays.

Although the teen will often insist the reason for working is the money, admittedly having a job during high school will prove beneficial in the future. By holding a job successfully, he is establishing a pattern that may get him ahead even in years after his financially difficult teens.

THE LUNCH BUNCH

One of the favorite breaks in our busy day is lunch time. Much thought and planning has gone into feeding a large number of people in a very short amount of time. At the same time the students are given alternatives and choices about their lunch.

The seniors enjoy the privilege of eating lunch off campus. They get into the largest cars available, and they go to one of the nearest fast food restaurants which are McDonalds, Hardees, Wendys, Taco Bell, Pizza Hut, Peter Piper Pizza, and the Subway Station. The few seniors that remain at school during lunch go into the cafeteria which is specially designated for them. They also have a line which only they can go through.

Underclassmen do not have the privilege of leaving campus. Instead they migrate to the school

cafeteria where a variety of foods are available to choose from. Those who are watching their weight are usually found in the salad line. Others, who are not as concerned about dieting, go through the snack line. For others who want a hot meal, there is the choice of hamburgers, pizza, and the specialty of the day. While most students chose to eat in the cafeteria, there are many others who enjoy eating outside the building or in the halls.

Besides eating, many other activities are occurring during lunch time. Some of the students go to the library to do homework or study for tests. Probably the largest part of the students find a quiet spot to visit with friends and catch-up on the latest gossip. Some of the more energetic students find an area to participate in sports.

We've Got The Look

Trends and fashions play an important role in everyday student life. Throughout the year, eyes are focused on the many different styles that sweep through the halls. One can not help but spot the many kinds of denim wear, over-sized sweaters, sweatshirts bearing a wide variety of college names, stylish mini-skirts, and different types of shoes. Wherever one goes in the school, students are always trying to achieve a perfect look.

Stone-wash denim, from jackets to mini's and from shirts to shoes to purses are always found. Although the items can be worn in different combinations, some people make their whole outfit denim.

Mini-skirts are a big hit also this year. Roaring back from the 50's and 60's mini's are in! These are found very short, baggy or tight, and in various colors. Over-

sized sweaters are added to help top off the intended "casual" look.

In the shoe department, leather ankle-high boots, Sebago's, 9-West, and tennis-shoes (such as REEBOK, ADIDAS, FILA, and CONVERSE) are most frequently worn. To finish off the perfected style, colored socks that match the clothing are added.

Extra accessories like necklaces, earrings of all sizes, bangles, watches, anklets, hair bows, and banana clips are worn to dress up the overall appearance.

Trends often center around cars, surfing, and partying. Most students fix-up their bumpers with personalized license plates and stickers of all kinds. For surfing, Cape Hatteras, Nags Head, and Virginia Beach are always at the top of the list. Student gatherings take place anywhere at anytime.

Portraits

Each Mariner has an individual and completely original involvement in the school. There are more than 1,800 unique personalities that blend and entwine to make up our student body, faculty, and staff.

Every individual has specific beliefs, ambitions, and priorities. The student body is the largest group within the school and is the purpose of its existence. The faculty is the culmination of many individuals' years of dedication, education, and experience, whose goal is to make the students more knowledgeable in many aspects. The staff is the least recognized group here that holds the most duties. From feeding everyone to making sure that there are paper towels in the bathrooms, they are always there facilitating the operation of our school.

This array of characteristics is essential to make Ferguson the unimitated institution it has become.

Captains of the ship

The "Captains" of our Mariner Ship are the faculty, staff and administration. They are our guide to each new adventure and experience in school. They help us prepare for what's ahead in the future. We all work together efficiently to make learning effective, but exciting as well. We all found that with a little hard work, a little patience, and a little dedication, we could make our ship sail very smoothly. Everyone of the crew is an important part of the learning process.

Longer class time for learning, more strict attendance rules and less assemblies are what this year's "captains" are doing to improve our academic program. Also this year, our "captains" are better preparing students for SAT's, semester exams, Departmental Vocabulary Test, and are

helping in meeting graduation requirements. Often teachers will stay after school to give assistance with a lesson or to give a make-up test.

The Mariner's Staff are also involved in activities, clubs, athletic events, and social events. Most teachers are sponsors of some organization, class or club. They help them raise money for special events and act as an advisor when needed.

Our administration is not just a group of advisors with a degree, they are our friends. If a student has a problem, he can talk to his teacher or counselor for help. The staff here goes out of their way to help students succeed in the real world after high school.

EXCELLENCE WITH ENTHUSIASM ACADEMICS ACTIVITIES ATHLETICS

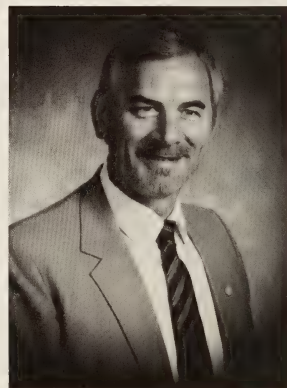

Mrs. Lamberton and Mrs. Sharpe discuss the Academic Pep Assembly.

Betsy Redman dresses up as a witch for Halloween.

Sue Johnson shows her Halloween spirit by dressing up as a pumpkin.

Virginia O'Meara shows her senior enthusiasm.

Photo by Staff

The Senior Class, under leadership of President Kim Jackson, Vice President Beth Hardison, Secretary Susan Davis, Treasurer Tonyia Johnson, and Reporter-Historian Karen Moseley, worked hard to prove that the class of '88 would not be soon forgotten.

To lower the cost of Senior Dues, the class sold candy sticks. Dues this year included things such as Prom tickets, Senior Banquet tickets, yearbook, Class of '88 T-shirts and many other additions.

The class of '88 started out the year by winning the homecoming Spirit Chain by purchasing the most links and winning the Homecoming Float contest for the fourth year in a row!

The highlights of the year are the Senior sponsored Miss Mariner and Senior Leadership Day. The exciting events this year was receiving cap and gowns. Also, receiving graduation presents. This year the Senior Banquet and the Senior Prom are to be held at the Ft. Monroe Officer's Club, located on the Chesapeake Bay.

The spirit and enthusiasm of the Class of '88 will be remembered even as the tide rolls out.

Simone Moses and Denise Ballance share a laugh in German Class.

photo by Jill Seltzer

Alison Woodard is an outstanding scholarly senior. She is involved in the Science Club, a Public Affairs Group, presides over the National Honor Society, and attended the Governor's School for the Gifted in the 11th grade.

She balances brains with brawn by playing softball and tennis. Her leadership extends into these sports as she is the captain of the softball team.

Alison had the honor of receiving the Daughters of the American Revolution Good Citizenship Award earlier this year. She will graduate as the Valedictorian of the Class of 1988. She has been the model of excellence and her achievements are the result of her hard work.

Daron Hall, known by friends as Duffy, has been involved in many school activities during his four years here. During his Freshman year, he participated in JV Basketball and Marching Band. As a Sophomore, he advanced to Varsity Basketball and still participated in the Marching Band. As a Junior, he excelled in Varsity Basketball, began outdoor track, and Jazz Band. He was chosen to be a member of the National Honor Society and attended Boys' State. This year Duffy continued to be an integral member of the Varsity Basketball, outdoor track, Jazz and Marching Band. He has led our school to another year of excellence as our SCA President.

Karen Mosley shows her pride in the class of '88 by decorating her car.

Many hours of hard work are spent on activities other than academics as Abbyson Clark and Ellen Bates work the light board back stage at a Drama production.

Photo by Staff

WE'VE ALMOST MADE IT

Led by the class officers: Jim Duncan, President; Greg Beach, Vice-President; Amanda Smith, Reporter Historian; Sharon Smith, Secretary; and Cathy Wolfe, Treasurer, the class of '89 had a very productive year. They won second place for their float in the Homecoming parade. Juniors participated in fund raisers, such as car washes to raise money for the Ring Dance held on December 12. The theme of the dance was "Almost Paradise." Beautiful decorations were displayed as excited juniors enjoyed their special evening. The class of '89 is a determined class, and they have a very exciting year ahead of them.

Jim Duncan, a very determined junior, is on his way to a productive senior year. Jim has participated in many school activities during his three years in high school. During his freshman year, Jim played soccer, was on SCA Congress, and held the office of vice-president for the freshman class. His sophomore year was also filled with many school activities. Jim participated in basketball, tennis, and cross country, all of which he lettered in. Jim was also involved in Tidewater Challenge, SCA Congress, and was sophomore class president. Currently Jim is involved in Tidewater Challenge and is serving as parliamentarian for the SCA. Jim is also treasurer for the Key Club and junior class president. This past summer Jim attended two school related programs. He was present at the Huge O'Brian Youth Foundation Seminar and attended the Governor's School at the University of Richmond.

A Second Wave:

The Sophomores Roll in After Their Freshman Year

As the class of 1990 rolls upon the steps of the school, they show great spirit and enthusiasm. Their wave may be small but their impact on the entire student ocean is large. Sophomores actively participate in the various clubs throughout the school, and help raise money for future activities.

Dwayne Simmons escorts Tequietta Newby at the Homecoming assembly.

Elizabeth Kellen and Jennifer Gulick spend time together at the Back-to-School Dance.

*Class
of
1990*

The Young and the Restless . . .

The class of '91 took the big plunge into becoming a meaningful part of our school by getting orientated and motivated in the new freshman center. This center includes using the new building as a freshman hall and having activities directed toward preparing the students for the rest of high school and college. All of their main classes, such as English, math, and science, are held in the new building for freshmen only. Electives and lunch are spent with upperclassmen.

Freshmen show their enthusiasm with their float at the Homecoming game.

Ben Friedman shows his enthusiasm by playing for the band at the Homecoming game.

Class of 1991

Academics

The Mariners showed traditional enthusiasm as they proved academics to be an area of excellence throughout the year. Academic schedules included many accelerated and A.P. courses, foreign languages, electives and work-study classes. This was an innovative year for us as we began the landmark Freshman Center. This center was located in the upper hall of the new building and the program involved motivating Freshmen toward a prosperous high school career. Freshmen were shown motivational films in their science classes and during assemblies. This program has turned many heads toward our school and is producing many enthusiastic Freshmen. The many different aspects of academic programs here combined to make each student reap specific rewards from individual schedules and uphold Ferguson's usual standards of excellence.

A Day in the Life...

How do you feel about the freshman class being separated from the upperclassmen?

"I think that it's good because it lessens the conflict between freshmen and upperclassmen."

Wayne Johnson

What do you think of having pep rallies during the lunch periods instead of having them during fifth or sixth periods?

"I think that it lowers school spirit because people don't go, especially seniors."

Kathryn Gentry

How do you feel about seniors being able to leave school grounds during lunch?

"I think that as soon as you get your license you should be able to go out to lunch."

Michelle Burton

Who said life at Ferguson was easy? Students are known to lead some of the most complicated and hectic schedules around. This is a fact here at Ferguson High School. The day for most begins bright and early around 6:00. This gives students enough time to revive themselves from the night before, dress, and slap a little breakfast down before they must be in their first period class at 7:30. Students' brains are known not to function during the first three periods, due to lack of sleep, concentration and food. In fact, a student will go to any length to get out of class even if it means doing errands for a teacher or getting a sudden illness and going to the clinic.

Lunch time comes early enough, but for some it is well needed as a relief period to cram in homework due for the afternoon classes, catch up on the latest gossip, or just a good time to fill up the grumbling stomach. After lunch, classes seem to flow a lot faster due to the fact we get out only two hours later.

Bubba Renn, Amy Weaver, and Ron Holliday work on the computer in the library.

Debbi Armentrout takes time out from Drama practice for a bite to eat.

The average school day is over about 1:45 but that does not mean the student's day is over. After school there is a seventh period, club activities, sports, or just time to hang around and get help from teachers or other students. In the afternoon kids go home and relax, trying not to think of anything school related. They throw their books down, snap on the soaps and munch down on some serious food. After they have wasted all the time possible by talking on the phone, watching television or just day dreaming, they consider doing some homework assigned to them for that night. Half of the people are too tired, some are lazy or just bored with the idea of school work, but there are a few who actually do it. Just having the idea that they may just have to repeat another year or even a day of high school scares a person into realizing that it may be important to pass these four years and at the same time enjoy all that Ferguson has to offer.

Students rush to get to their buses after school.

Betcha Didn't Know

If you always thought that teachers lived boring lives, boy were you wrong. Our teachers participate in a wide range of recreational activities. Many of our teachers find that reading, sewing, and cooking are enjoyable pastimes. However, not all of the hobbies are this ordinary and many teachers possess very distinctive interest and hobbies. Ms. Berkley enjoys weightlifting, Mr. White enjoys surfing and Mrs. Askew enjoys singing. She sings in the Virginia Choral Society and conducts her church choir. Nurse Fannin enjoys cake decorating and Miss Quinn enjoys collecting old Civil War artifacts. Mrs. Buchanan enjoys basketweaving and Ms. Barker finds that photography is an enjoyable pastime. Aside from teaching Mrs. Allen also owns a small apparel shop.

A number of our faculty members have served as pilots in numerous wars. Mr. White flew helicopters during the Vietnam War, he also possesses his private pilot's license. Mr. Gurkin was a pilot during the Berlin Crisis and Vietnam War. Mr. Cottingham was a pilot during both the Korean and Vietnamese Wars. Dr. Kilpatrick enjoys

pleasure flying as do Mr. Gurkin, Mr. White, and Mr. Cottingham.

A few of our teachers enjoy playing musical instruments. Ms. Tew plays the flute and Ms. Fivel plays the violin. She has played with Gladys Knight and the Pips.

A number of our faculty members participate in such sports as bowling, bike-riding, softball, tennis and racquetball. They find these pastimes to be not only enjoyable but also a great way to keep fit. Ms. French has played racquetball in the Pan Am games, and has won numerous awards in other competitions. In addition, she plays softball and basketball.

Even after a full day of work some of our teachers take time to work on community services, special Olympics and youth programs.

So the next time you see a teacher and think all they ever think about is school chances are you're probably wrong. Funny the things we don't know . . .

UPHOLDING STANDARDS

Ora Brinkley

Betty Sharpe

The National Honor Society is an organization dedicated to those students who have achieved and maintained excellence throughout their high school years. In order to be accepted into NHS a student must maintain a grade point average of 3.0, and demonstrate outstanding leadership qualities, admirable character, and faithful service to the school and community. Inductions were held on December 3, 1987 and then again the spring.

NHS participated in activities such as ringing bells for the Salvation Army during Christmas, and holding a Bowl-A-Thon to benefit homeless children. These activities demonstrate the devotion the National Honor Society students have towards the community.

How Do You Say . . . ?

Photo by Staff

This is the question most frequently asked by foreign language students. The foreign language department consists of Spanish, French, German, and Latin. Language teachers, like English teachers, stress grammar structure, vocabulary, writing, and literature. Taking a language class not only involves learning the language, but learning the customs of that country. One of the fun aspects of taking a language is the projects that are involved. Many students enjoy experimenting with the different foods of the country they are studying. Every year members of the club sell carnations to support the foreign language club. This club helps pay for foreign exchange programs.

BACK TO BASICS

The Science and Math clubs attempt to promote student interest in these subjects and careers related to them. Both clubs have speakers from NASA and other professions to describe the uses of the subjects in "real life." The Math club sponsors an annual candygram sale before winter break and the Science club sponsors the Science Fair each year. Together the clubs represent the part of the student body heading toward possible careers as scientists, engineers, and teachers.

The Forensics club, led by Mrs. Joyce Ballard, is for those students who have unique speaking abilities. This year students participated in various local competitions in preparation for the big event, the districts. This year district competition was held on February 15, 1988. Students competed in areas such as prose, poetry, spelling, serious and humorous drama, extemporaneous speaking and original oratory.

By participating in Forensics students are preparing themselves for public speaking. They become better qualified for positions offered in the school and in whatever career they choose.

Joyce Ballard

Academic Competition in Action

... is Model U.N. and Tidewater Challenge. For the past nine years, Mrs. Marika Anthony has been a faithful sponsor of both teams.

Model U.N. is a highly respected club. Every year the team is invited to the "North American Invitational Model United Nation" conference. The conference is held in Georgetown and is the largest Model United Nation in the country. Out of 250 schools, there are only fifteen seats available for the Security Council. Every year, Ferguson has been given the honor of receiving an as-

signment, and has even won "Most Outstanding Delegation" in the Security Council four times.

Tidewater Challenge is also a competitive team. This year's team has competed in national and local competition, placing in the top thirty-two schools in the region to qualify for the television rounds. Unfortunately, they were narrowly defeated in the early rounds. Additional competition takes place on December 2, 1987 and April 6, 1988.

Across The Waves

Kay Brown

Perri Katsantonis

American Field Service is the name of an extraordinary club, which is better known as AFS. The club's main purpose is to promote international understanding between students of various countries. Some of these choice students will participate in short-term exchanges, which they visit for either a long weekend or a whole week. Other students will be hosts for foreign students who come here for a short-term exchange. This year several of our students, along with Warwick students, were weekend hosts to the visitors from the countries of Belgium, Brazil, Italy, Switzerland, Venezuela, and several other countries. Jodie Ivey, Anna Robb, Allyson Clark, Becket Childress, and Nina Grisby were the weekend hosts. Club sponsors, Kay Brown and Perri Katsantonis, helped plan the weekend, which included a trip to Va. Beach, Waterside, and a progressive dinner. Students who have a desire to be an exchange student for long or short term should get involved and contact one of the club sponsors.

Athletics

From our field hockey team's only season victory over Denbigh to another successful baseball season, Ferguson's athletic department strode to another excellent year. From a single runner beating his own time to the softball team's fantastic triple play during a good game, every triumph combined to let our noted sportsmanship and ability shine through the defeats. Sweat and tears were as profuse as the joyous leaps and screams. Spirit was abound through all events — practice and competitions. The pride of the Mariners gleamed with excellence this year.

TEAM

ME

The varsity football team went into the 1987-88 year using the "Team Me" approach. This mental concept, which is to congeal the players as a team and not as individuals, was established by the Mariner coaching staff during the summer workouts. Through diligence and many self-sacrifices, the senior oriented team finished with a 5-5 record. Senior captains Gregg Brooks and Gerald Shumpert provided much of the support and confidence throughout the season. Faithful team members spent extensive time running, weightlifting and practicing in sweltering heat. Steve Iseley introduced the new attitude "Team Me" and a vigorous training program that enabled the Mariners to take a step in the right direction, giving them their best record in several years.

Dedication to Winning

Photo by Nora Murray

Photo by Nora Murray

The junior varsity football team has been one of the most successful winter sports for the past several years. This 1987-88 team was one with a will to win. Coach Bynum and Coach Capps recruited guys coming from little leagues and stressed the importance of playing with one's full potential. Darryl Patrick, Steve Johnson and Kevin White are players who made many important contributions to the team and should help the varsity team in the upcoming season. This team, which finished second in the district, will have an impact on the peninsula district in the seasons to come.

They're a Hit!

The 1987 varsity baseball team had an 8-10 record. The year was designated as a "rebuilding" year for the Mariners. The team was led by senior captains Jay Krisik and Pat Davis. Pat led the Peninsula District in pitching with a 1.27 E.R.A. The 1988 team will be led by returning seniors Jose Argenzio, Michael Conway, Scott Cooke, Randy Dail, Snoop Harris, and Bubba Renn.

The junior varsity team finished the 1987 season with a 7-9 record. The team lost several one-run games which would have changed the season around. The season did give the up-rising varsity players some good experience.

The team groups together before a game.

TEAM WORK

The basketball team finished with a 13-8 record. But there was much more to our Mariners than this raw score. Most of our eight losses were very slight, with many three and four point margins. Beyond the "numbers," our team was just that: a TEAM. Coach Walters turned our talent into success with three tools: Teamwork, Hustle, and Defense. Many thought our team was unique in that it operated as one cohesive, smoothly running unit on the floor. In the words of Happy Bott, a senior on the team, "We always worked hard and played as a team. At the beginning of the season we were a little shaky, but captains Duffy Hall and Steve Artis quickly pulled us together. And Coach Walters made sure that as a team, we were making each other stronger." The team was second in the Fort Eustis Invitational Basketball Tournament, and finished fourth in the district.

GETTING INTO THE SWING OF THINGS

The softball team, headed by Carol FrencK and assisted by Debbie Berry, completed its second competitive year in 1987. Although the year could have been better, they finished with a decent record. The team suffered from lack of dedication which really hurt them.

Alison Woodard, the team captain, tried to influence the players to work together as a team by warming-up together, and encouraging them to talk to one another.

Leaving the team this year were Seniors Paige Gililand, Helen Wilcox, and Inez (Granny) Smith. The returning players hope for a very successful year next year.

NOTHIN' BUT NET

The J.V. athletics program gives the underclassmen a chance to familiarize themselves with high school competition. The girls ended their season with a 2-6 record. The team was led by captains Sharon West, Shannon Barnes, and Renita Melton. This season was Coach Berrie's first with the girls. She hopes to bring better seasons for them. The boys team, led by Kenneth Smith, Delaney Twine, and Larry Harrison, ended their season with a 12-4 record. The team placed third in the district.

JUNIOR VARSITY GIRLS BASKETBALL

LET'S GO TO THE HOOP!

The Lady Mariners are led by senior captains Marlene Cuffie and Crystal Richardson. Other members of the team are Jakie Epperson, Denise Hampton, Patrice Byrd, Tara McLean, Tequietta Newby, Carol Bennet, and Nina Britton. Coach Watkins says, "We have a mixture of old pros and young lions eager to learn the ropes of basketball." The team is hard working and close knit. The team finished the year with a 14-7 record. Coach Watkins says the team is successful because "they work in practice and that runs over into the games. They never give up no matter what."

Kick It

The 1986-87 Ferguson soccer team had a winning season. The team ended up placing third in the district with a record of 8-4-2. Russ Gibbons, Russell Rutter, and Ray Salade were selected for the regional team. Some of the team's other key players were Greg Beach and Shawn McCarthy. The 1987-88 team will be young but with the coaching help of Jim White, they should be contenders for the Peninsula District Championship. The season began on the twentieth of February and continues through May.

TOP CHOICE

The Varsity Cheerleading squad, sponsored by Mrs. Betsy Redman has had a successful year. In July they attended NCA cheerleading camp at ODU. The girls won several awards during this week. A spirit stick and ribbons of outstanding and satisfactory performance were brought home with them. This year a lunch time pep assembly was an exciting new addition to help promote school spirit. In the spring they had a fund raiser to raise money for new uniforms. The squad was led by Jill Seltzer and Tonyia Johnson.

Photo by Staff

GOING FOR THE GOAL!

The field hockey team had many veterans which returned this year. These players, along with many new participants, worked hard for a winning season. The record was not reflective of the ability of the players. There were several games which were decided after overtime, in penalty shots. This process is mostly luck, rather than ability.

Judy Allen, head coach, spent much time, effort, and patience working with the team.

MILE AFTER MILE

Photo by Staff

The 1987-88 cross country teams did quite well this year. The Lady Mariners, coached by Bruce Scott won 3 meets, against Bethel, Warwick and Kecoughtan, and lost 2, against Menchville and Phoebus. Both teams valued good attitudes, both towards their defeats and their wins. The boys team, coached by Jim Ryan, lost 3 meets, against Hampton, Menchville, and Warwick, and won 2 meets, against Phoebus and Kecoughtan. Next year we all hope that the teams will do as well and have the same inspiration.

Leslie Parker gives her all to win the race.

Tracking for the Gold

Coach Macklin always asks all his track athletes for one hundred and ten percent every day at practice. The athletes spend many afternoons trying to make their team the best. Hours of lifting weights and running both sprints and long distances are all part of the hard work that has been on their road to success. The freshman relay was run by Delaney Twine, Robert West, Kenny Thomas, and Jimmy Sherman. The girls sprint medley was run by Shanya Dickens (fifth in the region), Jackie Epperson, Juanita Sinkfield, and Tammy Lane. The 200 and 300 meter runs were run by Neal Brown.

The team is glad to be working hard and making progress. In the words of Rodney Epps, "He (Coach Macklin) put a new life in our track program this year."

All Teed Up

The golf team was led into this season by two-year players Bruce Call and Bobby Dolecki. Although much of the team consists of first year golfers, the strong individual play, the enthusiasm, and the return of experienced players led the Mariners to a successful season. The team kept a steady pace scoring 3038 points and finishing 6th overall. This group of youngsters can only get better, and when it's their turn to display leadership, the Mariner golf team will rise to the top. Other team members were Scott McCallum, Doug DiMarino, Brian Kern, and Brad Antonides.

Activities

Our school stands out from the rest because of our activities. These waves, most active after regular school hours, are the most colorful ones.

Students can choose from a wide selection of clubs to organizations, ranging from Key and Keyette Clubs, S.A.D.D., and AFS which are service organizations, to a performance activity like the Show Choir or Forensics. During the moments of voluntary activities of enjoyment, we find the height of our individuality.

Don Coccoli

Joann Fivel

Student representation has always been very important to the school environment. The Student Council Association (S.C.A.) and the Inner Club Council (I.C.C.) provide the students and administration a chance to exchange valuable opinions that determine how many school activities will be run. The Inner Club Council is made up of one representative from each club in the school. The council decides what each club may or may not do. It determines which club will have which fund raiser or other special event. The club is headed by Don Coccoli. The S.C.A., run by Ms. Fivel, is composed of students who are elected by their peers. The group is involved in promoting a clean campus, sponsoring Homecoming activities, and engineering the annual blood drive. S.C.A. members also act as volunteers at Riverside Hospital and the Rehabilitation Institute of Virginia. Council member Greg Beach says, "The S.C.A. is a service organization. We do volunteer service and help run many school activities as well as promote the school in the community."

The Lights go Down . . . and the Curtain Opens . . .

Theater was never more productive for the Mariners than in 1987-88. In the spring of 87 they produced the well-known *Once Upon A Mattress*, a fairy tale musical. In the fall of 1987 the drama club presented *The Crucible*. In addition the Drama Department produced *The Lion Who Wouldn't* and *The Phantom of the Old Opera House*, another sure fire hit.

The Drama Club once again held its annual fruit sale. The money goes to the success of future productions. Many members were inducted to the Masters Guild for their extra efforts both on and off stage.

Under the leadership of President David Bradley and Treasurer Keni Morge, not to mention the dedication of Miss Pat Quinn, each work the Drama Club produced was an excellent success.

Let The Music Play

The 1987-88 Mariner Marching Band, under the direction of Gary Anderson, had a successful year. They participated in the Churchland Field Show, placed second in the Williamsburg Christmas Parade, and placed first in the Gloucester Christmas Parade. They participated in the Fiesta-Val at Myrtle Beach and the annual Spring Thing here in Newport News.

The 1987-88 Flag Corps, directed by Debbi Berry, worked hard together and with the band to entertain audiences at various school events, including football games and pep rallies.

Beth Lanehart, Inga Mitchell, Christye Futrell, and Debbie Spivey were chosen captains of this year's Corps. The group went to camp over the summer to learn new routines and perfect technique.

The Feature Twirler for this year was Kim Boyer. She also attended camp over the summer to learn second and third baton routines.

Heading up the entire procession were Drum Majors Jodi Ivey, Thomas Thorpe, and Amy Weaver. Together the three led the group through many award-winning performances.

The night of December 12, 1987 was a very special evening for the junior class at Ferguson. This was the night that all juniors received their class rings. The Ring Dance was held in the cafeteria under the theme "Almost Paradise." The couples danced the night away with a variety of music provided by Russell Flint. Mr. Robert Montgomery donated his time and materials to help the junior class build a new ring under which the couples were announced. Many students that attended the dance said that it was "Almost Paradise."

Perfect Harmony

The Ferguson Singers, led by Bonnie Johnson, perform at various events throughout the year. Each talented member auditions to participate in this prestigious club. The Ferguson Singers have very busy schedules including hard practice for hours before each performance. The group's engagements include Freshman Orientation, Homecoming Assembly, Medley of the Arts, selected football games, and many other events at Christmas time. Each of the members strives to make Honors Choir in their senior year. Other competitions in which they are involved are All-City Chorus, Regional Chorus, and All-State Chorus. Like all clubs, they need money and hold fundraisers including running a car wash and selling old fashioned goodies. Karen Moseley is the President and has a council to help her make decisions. The council includes Jennifer Lane, Jeff Henderson, Wendy Powell, and Brad Thomas. The other members are Shauna Alston, Shannon Brooks, Lloyd Decker, Kathryn Gentry, Donaldo Harris, Beth Lanehart, Maurice Mayo, Dana Naylor, and Amy Weaver.

Of Song and Dance

What has forty-two legs and can sing and dance? Our very own Show Choir! Yes, these twenty-one energetic students, dancing to the rhythm of their music, add an extra splash to their songs. Across the airwaves a message of enthusiasm is interpreted by each new move.

This year the Show Choir became a seventh period class. It has started a new trend here and is establishing itself as a potent wave within the student body. The Show Choir has made many performances out of school, also. These include shows at two elementary schools and a nursing home. Second semester holds a competitive festival at Busch Gardens, Regional Chorus, Workshop Choir, and All-City Choir. In addition, all of the school's choirs will be singing together at Graduation.

This year has been "very enjoyable" for Mrs. Johnson who looks forward to more years just as successful.

th Lanehart works hard on the advertisement out.

Photo by Staff

The students in Windjammer staff, the Literary Society, and the Annual staff have worked hard on writing copy, designing original layouts, and gathering opinions and input from the student body. The Windjammer is our school newspaper, that is released about five times a year. The staff publishes the latest news stories affecting students at our school. The students in the Literary Society produce our literary magazine entitled *The Helm*. It comes out once a year in the spring. Each year a contest is held and cash prizes awarded for best prose, poetry, art, and photography. Most of the entries are put in *The Helm*, designed to represent our student body's skill and creativity. The students on our Annual staff take on numerous responsibilities such as preparing layouts, writing copy, and taking pictures. The staff approaches each deadline trying to keep the theme "catch the wave" incorporated within every aspect of this year's yearbook.

A new future

FBLA, FHA and DECA are three clubs that are devoted to helping students prepare for their lives after high school.

Future Business Leaders of America (FBLA) helps students prepare for those jobs that are associated with business. The students in this club are enrolled in classes such as typing, accounting, and computer programming.

Future Homemakers of America (FHA) is designed to teach skills that are useful around the house. Students learn to cook, sew, and are taught many other basic skills that are needed to take care of a home. Each December FHA participates in a Wedding Fashion Show.

Distributive Education Clubs of America (DECA) prepares students for the job market. Many DECA students go to school for four periods and then go to work. DECA also sponsors an annual Dress for Success contest.

High Technology At Work

Virginia Technology Education Association (VTEA) is an organization that is devoted to meeting the technological needs of the students. This club emphasizes the development of leadership and promotes self-respect and pride. The club participated in a presentation at Patrick Henry Mall.

The Talented and Gifted (TAG) Internship Program is for those twelfth grade students who excel in creative and productive thinking. They also have demonstrated some degree of accomplishment in a specific area. A third characteristic that these students exhibit is that they want to apply their skills and training to practical work situations. These students work at least 250 hours in a supervised, school approved job that is related to their career interests. Students also meet once a week in a regularly scheduled class which coordinate work experiences with classroom activities to further develop job competencies.

The Naval Junior Reserve Office Training Corps was established by the secretary of the Navy by an act of Congress in 1964. The school's unit began in 1973.

The NJROTC program is directed by two faculty members who are from the U.S. Navy: CDR. W. F. Wagner and MCPO C. R. Groves. The Naval Science course is an elective subject and one credit is given for a year of satisfactory completion. The four year curriculum covers naval history, leadership, navigation, naval weapons, sea power, naval tactics, military justice, career planning, education, and military drill. Completion of three years of Naval Science enables the cadet to enter most of the uniformed services.

Various activities associated with the program include drill team competition and color guard competition. The NJROTC also marches in various parades and participates in several school assemblies.

DOUBLE VISION

Twins: Double the trouble . . . or twice the fun? What do you get when you take an original and make a double? You get a twin. Twins are people who may look identical on the outside but are different on the inside. There are two main types of twins: Fraternal and Identical. Fraternal twins are born at the same time and though they share many of the same features, they generally do not look alike. Identical twins, on the outside, look almost the same. They have very similar faces and most of the time, have identical builds.

After interviewing a series of identical twins, most have stated that being a twin makes life double the fun.

Advantages include being able to share clothes, and always having a friend, who is much like you, to talk to. Most said that disadvantages are few. The two most annoying are frequently being compared to the other and sometimes being mistaken for this "similar" person.

"One of us was born a twin. And not a soul knew which."

WHICH ONE'S WHICH?!

Giving Your Best . . .

The S.C.A. raised \$550 for the Toys-for-Tots campaign this year. All first period classes competed for basketball tickets to be given to the class that raised the most money. Mr. Powell's class won the contest, with Mrs. Sharpe's class in a second close.

Once again the S.C.A. will sponsor the Bloodmobile. This is held in March and is a worthy cause to help those in our community who are in need of blood for various reasons. S.C.A. members will help staff the Bloodmobile, where teachers and students over 17 years old will be donating blood.

IT'S NOT JUST A LOCKER COMBINATION . . .

Ever been shopping for a dress . . . with only \$80.00 in your pocket? Might as well go to the local 5¢ and 10¢ store. With an average of four formal events a year girls tend to find their wallets are flat. After buying a dress the girl is then faced with the dilemma of buying matching shoes, undergarments, jewelry, flowers, and sometimes even dinner and pictures. All together this represents a sizable sum that neither she nor her parents want to dish out. The solution to this problem: dig through your best friend's closet!

Imagine this: Ring Dance is Saturday and today is Tuesday and suddenly you realize you are missing one very important detail: the dress. You immediately call everyone you know hoping someone wears your size. You're ecstatic, because you now have a wide array of colors and designs to choose from. You spend hours trying and retrying on everything you've dug up. Then you find it; the perfect one, and guess what? It didn't cost a dime.

Although some people believe that borrowing is unsophisticated. They feel self-conscious about being seen in other people's clothes. Yet some girls find that it is the only way to look and feel great at a formal occasion without emptying their life savings.

School and Community

Our "ocean" is not confined to a brick building, but many waves extend throughout our community. The band was at the scene, playing for the celebration of the bicentennial of the Constitution at the Newport News courthouse. Our Ferguson Singers made many appearances, frequently at convalescent centers. We, as a school, participate annually in the city-wide Clean Campus drive, as well as individual clubs such as Keyettes aiding organizations like the Salvation Army and the United Way. The SCA sponsors the annual Toys for Tots program that involves contributions from the student body and the gymnasium is converted into a Red Cross blood-drive site for a day. Students held various jobs in the city, many on a volunteer basis. This meaningful interaction between school and community shows Ferguson to be an influential component of important activities outside the building.

It's about time!

When our school was built it lacked one major necessity . . . Air-Conditioning! But James Construction Company has come to Ferguson's rescue. Throughout the school year preliminary electrical work was done for air-conditioning to be put in during the summer. Each classroom will have its own individual air-conditioning unit by mid-summer. Since the AC will be ready by the beginning of the 1988-89 school year, it will give the incoming freshmen something to look forward to.

by Kelli Mullen

Conduit pipes were used in the renovation for electrical purposes.

The boiler room was one of the last areas of the school to be renovated.

How do you feel about the Freshman Center?

"I don't care for it because it makes me feel secluded from the rest of the school." Susan Fuselier

"It's a beneficial asset to our first year in high school." Remon Lynch

"I guess it's alright, considering I only have two classes over there." Martha Curbow

Freshman Center

The Freshman Center is a new concept here; the center is located on the upper floor in the new building. This new concept resulted from meetings between the teachers and administrators of the feeder middle schools and the ninth grade teachers and administrators here. This idea has given incoming ninth graders the opportunity to become more successful in high school by providing them special attention in the areas of study skills and closer guidance by their

instructors.

Besides having all their classes except for elective courses on this hall, the students have also attended several academic assemblies geared for ninth graders. Excellence with enthusiasm is what the Freshman Center goal is with the incoming ninth graders. Generally the response has been mixed, but the teachers and administrators feel they have adjusted very well.

TOGETHER

Partnerships range from great company mergers to the slightest friendships. Ferguson formed a School-business partnership with the Oyster Point Rotary Club to provide mutual assistance for each other. Ferguson provided favors such as entertainment at various Rotary Club meetings and printing programs for some of the club's activities. The Rotary Club members, in turn, offered favors such as internship and part-time jobs at their individual businesses

for Ferguson students. This partnership was just one of the many found here. Students formed groups among themselves according to similar talents and personalities. Some students became known as outstanding dancing duos while others were known as long-term couples or each other's "right-hand man!" The bonds that held Mariners together, for business or pleasure, were found everywhere and were as unbreakable as unforgettable.

The Power In Paging.

Where can you find the area's best coverage *and* best customer service? *Plus* in-building penetration that can't be beat?

Where else but Metrocall, the mid-Atlantic's largest independently-owned radio communications firm . . . delivering powerful paging for more than 20 years.

To get the power in paging, call 875-2337.

The Apprentice School of Newport News Shipbuilding is an opportunity for advanced education with two big differences: You're paid while you learn. And you're virtually assured of a good job when you graduate.

Four-year apprenticeships in 20 highly skilled trades are offered tuition-free to qualified young men and women. Students receive in-depth classroom knowledge and hands-on skills instruction from qualified and experienced educators. And all apprentices are paid for their 40-hour week, including time spent in the classroom.

The Apprentice School also supports extracurricular activities through excellent social, community service and recreational programs, and nine intercollegiate sports — football, basketball, baseball, track and field, wrestling, golf, tennis, cross country, and soccer.

Graduate apprentices receive certificates from the Virginia Apprenticeship Council and Newport News Shipbuilding. After graduation, the company offers a number of programs for continued education and career development.

Think about it. Earn while you learn at The Apprentice School of Newport News Shipbuilding, the world's greatest, most diversified shipyard, now building complex submarines and giant aircraft carriers for the U.S. Navy.

Apprenticeship is the alternative that works. And pays!

For further information, contact:

*Congratulations
Class of '88!*

*May the news we print
about you and your accomplishments
always be good news. Best wishes
for continued success!*

A LITTLE KNOWLEDGE CAN BE A DANGEROUS THING.

Sex. You think you know
all about it. After all, you know
about sexy clothes, sexy
cars and sexy rock groups.
But do you know about VD?
Or the heartbreak of
unplanned pregnancy.
If you have questions,
give us a call.
Our services are confidential,
and we're here to help.

As the Year Came to a Close Just as the Tide Goes Out,

As the year came to a close just as the tide goes out, we prepared for the next high tide. Undertows pulled seniors from the tide and led them to work, college, and marriage. With graduation as the final gathering of the year, waves of tears and laughter sparkling with memories splashed together. These

may be memories of events such as Homecoming, parties, exams, favorite teachers, new friends, old friends, and even of bad times in hard classes, lost sports events, and injuries of friends.

Our lives here within these brick walls extended from 7:30 A.M. until various hours for 4 years to complete the final stage of our free education.

With the will to achieve, our hours spent swimming through activities to better ourselves will be of good use. Each individual has achieved excellence in any combination of activities, academics, and athletics in his or her own way to become a true Mariner: unique yet just a drop in the ocean.

Mrs. Redman, Mrs. Askew, Mr. Bock, Mrs. Evans, and Mrs. Manning prove that teachers are people too.

Colophon

The 1987-1988 Mariner was printed at the Taylor Publishing Company plant in Dallas, Texas. Five Hundred Thirty copies cost \$17,000 to publish.

This book contains 216 pages printed on 80 pound enamel paper bound with Smyth binding after being rounded and backed. The Measurements are 8½ x 11 inches. There are 16 color pages and a 4 page tip-in.

Body copy is 10 point Souvenir type. Captions are in 8 point Souvenir boldface type. Headlines are in 24-36 point Century Schoolbook type. The opening, closing, and division copy is 14 point Souvenir type.

The cover is red screen print on a white background. Endsheets are decorated with artwork and special design. The "wave" or Dynamic Ribbon Design as seen in various areas of the book and on the cover is a registered trademark of the Coca-Cola Company. Permission for use granted by the Coca-Cola Company.

Individual portraits and some candid shots were taken by Max-Ward Delmar Studios. The Mariner is a member of the Virginia High School League. We appreciate the participation of everyone involved in the production and financial support of the Mariner.
